

## NON-ACID TIRE & WHEEL CLEANER WHEEL CLEANERS

### DESCRIPTION:

The powerful cleaners in **Non-Acid Tire & Wheel Cleaner** make cleaning tires and wheels easier, faster and safer. Burned-on brake pad dust, grease, oil and dirt are quickly dissolved, leaving wheels bright and shiny.

### DIRECTIONS:

Fill a trigger bottle with solution and spray the product directly onto wheels and tires. As with any wheel cleaner, **DO NOT USE ON HOT RIMS!** Let solution work for a maximum of 5 minutes and completely rinse away brake dust, dirt and solution with clean water. If the wheel is extremely dirty, some light scrubbing with a wheel or tire brush may be necessary to loosen soils before rinsing. Treat one wheel at a time. Be advised that Presta will not accept responsibility for damaged wheels and tires resulting from either intentional or accidental misuse of this product.

### FEATURES & BENEFITS:

- Non-hydrofluoric formula
- Safer alternative to acid wheel cleaners
- Works quickly to leave wheels clean and bright
- Body shop safe

### PACKAGE SIZES:

22 oz.	Part # 135622
Gallons	Part # 135601
